

Product PW4
Description Weather Resistant Pressure Recorder - 4" Chart

Image

Features The PW4 weather resistant pressure recorder is housed in a Valox PBT NEMA 4X case. This lightweight 4" recorder provides pressure documentation even in the toughest of outdoor environments.

Looking for something with greater chart resolution - the PR8 has triple the readable chart area!

- Water and Dust resistant case
- Durable and Compact
- Operates for up to one year on a single AA battery
- Easy-to-operate and install
- Battery holder inside door for easy battery changes
- On/Off switch for battery savings (except for FM Models)
- See Models for available ranges **30 Day Money Back Guarantee**

Notes Please keep in mind that Dickson pressure recorders are not suitable for monitoring ammonia, acids or other corrosive substances. Only the PW561 and PW562 are suitable for salt water applications.
